

## Written in the Sky

I don't care if you don't want me  
It don't mean a thing to me  
I'm gonna win your heart one day  
you'll come running back you'll see

I don't care if you don't miss me  
It don't matter much to me  
you will recognize one day  
all along you needed me

Cuz I'm your girl and you're my guy  
we'll make sweet music by and by  
There's no denying we're a pretty pair  
Our love is written in the sky

You're my sugar this I know  
It's been that way for quite a spell  
I'm your flower and you're my honeybee  
some day soon your heart will swell  
    with love sweet love  
    oh moon up above  
    oh love sweet love  
oh honeybee, it's you and me

Sometimes love is kind a fickle  
it's ways may seem a mystery  
Sometimes you end up in a pickle  
Sometimes you feel love's destiny

Go out sow all your wild oats  
I'll be waiting patiently  
Cuz when you come back to your senses  
You'll be coming back to me.

Cuz I'm your girl and you're my guy  
We'll make sweet music by and by  
There's no denying we're a pretty pair  
Our love is written in the sky  
There's no denying we're a perfect pair  
our love is written in the sky

## If You Really Loved Me

I can't help but ask myself  
What I did that's wrong  
To drive away the only man  
I loved for so long  
He's gone and all that's left behind  
A note placed on the bed  
Written in his simple hand  
"I love you" is all it said  
"I love you" is all it said

Chorus:  
But if you really loved me

Why'd you have to go?  
If you really loved me  
Why'd you have to go?  
Why'd you have to go?

You told me on the day we met  
That you're a ramblin man  
And love would never make you stay  
But then you took my hand  
Then you took my hand.  
Moss grew on that rolling stone  
Words fade over time  
Months were passing into years  
My heart said you were mine  
My heart said you were mine

I can't help but ask myself  
What I did that's wrong  
To drive away the only man  
I loved for so long  
He's gone and all he left behind  
A note placed on the bed  
Written in his simple hand  
I love you is all it said  
I love you is all it said.

(Ch)

## Easy Street

We started small with nothing at all  
but a dream of having more  
'bout two nickels to scrape together  
An old mattress on the floor

Just the two of us in a small walk up  
we rented month to month  
you rode to work on your bicycle  
I caught the crosstown bus

Chorus:  
And every night when you came home  
you'd talk about the time  
when it would come together  
everything would fall in line  
And one day you'd be famous  
You'd play ball you'd own this town

And I'd dress like a movie star  
You'd buy me sparkling gowns.

And we would live on easy street  
and never have a care  
We would live on easy street  
when we finally got our share

Time and god were on our side  
the world was in our hands

But life they say is what happens when  
you're busy making plans.  
We had ourselves a family  
Three kids one year apart  
I quit school to stay at home  
you took a second job

(Ch)

Our youngest got a place with friends  
Our older ones were wed  
We thought our ship was coming in  
we'd finally get ahead  
Fate would have it otherwise  
your mom she took a fall  
our oldest girl her husband left her  
with the kids and all

(Ch)

Those dreams have long been tucked away  
Our years are growing few  
We spend our days in memories  
and share a laugh or two  
But sometimes when I watch you sleep  
and count the time that's left  
I wonder if you think about  
the past with some regret

Chorus:

So every night I take your hand  
and whisper 'bout the time  
when it will come together  
everything will fall in line  
And one day you'll be famous  
You'll play ball you'll own this town  
And I'll dress like a movie star  
You'll buy me sparkling gowns.  
And we will live on easy street  
and never have a care  
We will live on easy street  
when we finally got our share

We will live on Easy Street  
And never have a care  
We will live on Easy Street  
When we finally get our share

We will live on Easy Street  
When we finally get our share

### **Crazy for You**

Chorus:

I'm crazy for you  
Yes I'm crazy for you  
And I will always be true to you, to you  
I love the things that you do

That's why I'm crazy for you  
And I will always be true to you

I'm thrilled from head to toe to know that you are my  
man  
My heart and mind and parts divine are in your  
hands  
I love you so I'll have you know I'm taking my stand  
That you're the only one for me

(Ch)

I know we'll be together for a long, long time  
It's clear that you're the cure, you sure do ease my  
mind  
Cuz on the day we met there came a heavenly sign  
That you're the only one for me

Oh I've known some other guys who kinda turned my  
head  
I might have taken one for a spin or two  
But no other man could ever take away my breath  
Or make me feel the way you do

*Oh have I failed to mention that...*

Ch:

I'm crazy for you  
Yes I'm crazy for you  
And I will always be true to you, to you  
I love the things that you do  
That's why I'm crazy for you  
And I will always be true to you  
I will always  
honey always  
sugar always be true to you.

### **Gone**

Chorus:

How can I forget you?  
How can I go on?  
Why do I think about you  
When I know you are gone?

Oh your lips made me shiver  
and your touch made me moan  
Your love drove me crazy  
then you left me alone.

That night I waited for you  
Like so many nights before.  
Nights I waited for you  
until you'd walk in the door.

Well I waited that night  
til the bright morning sun  
Shined its light down on me  
Telling me your love was gone

Telling me you had to be free

Well I know our love is done  
I know that you are long gone  
But each night I still wait for you  
and each night it feels like I just can't go on  
So I tell myself that your love  
Was a love so untrue  
But my heart doesn't believe  
My heart still longs for you.

(Ch)  
How can I forget you?  
(repeat)

### For the Good

You like it where you are, you couldn't be much  
better  
You're so happy now.  
You have fond memories, you say you think of me  
at least occasionally.

Chorus:  
Your life is sweet  
Who'd believe it  
The change must be for the good.

You walked away so smooth, never did look back  
Never heard me fall  
Picked myself up good, told myself I'm swell  
Doesn't matter at all

Ch:  
That life is sweet  
Who'd believe it  
The change must be for the good

But I never thought it would ever end  
Never knew that it could  
Nothing is sacred  
Nothing's a sin  
And I've learned to roll with the punch.

Guess I'm happy too, maybe doing well  
At least usually  
Wish I was so sure, as confident as you  
as you seem to be

Ch:  
That life is sweet  
Who'd believe it  
The change must be for the good

But I never thought it would ever end  
Never knew that it could  
Nothing is sacred  
Nothing's a sin

And I've learned to roll with the punch.

You like it where you are, you couldn't be much  
better  
You're so happy now.  
You have fond memories, you say you think of me  
At least occasionally.

Chorus:  
Your life is sweet.  
Who'd believe it.  
The change must be for the good  
Oh life is sweet  
Who'd believe it  
The change must be for the good.

### Out of Time

I talked to you yesterday  
I talked to you yesterday  
everything seemed to be OK  
everything seemed to be OK  
Nothing out of step  
Nothing out of line  
Nothing to suggest  
We were running out of time

I talked to you yesterday  
I talked to you yesterday  
everything seemed to be OK  
everything seemed to be OK

Can't recall what we talked about  
the words are lost in my mind  
You told me that dumb old joke  
made me laugh for the thousandth time  
Nothing out of step  
Nothing out of line  
Nothing to suggest  
We were running out of time

I said that I had to go I had some things  
I had to do  
You said see you later I love you  
Yeah me too

An ordinary conversation,  
then it hit from behind  
An ordinary conversation  
then we crossed against the sign

I talked to you yesterday  
I talked to you yesterday  
everything seemed to be OK  
everything seemed to be OK

nothing out of step  
nothing out of line  
nothing to suggest

we were running out of time

### One More Day

Have I told you that I love you  
Have I told you that I care  
Have I told you that I wake up  
And start to cry cuz you're not there

Have I told you that I'm sorry  
For the words I said to you  
And I wish that I could make up  
For all the things I wouldn't do

Chorus:

How I wish that I could see you  
Even just for one more day  
I would tell you that I loved you  
Every step along the way

It's the little things that matter  
That make a love grow deep and true  
Without the little things that matter  
A loving heart grows cold and blue

Would it have been so hard to give you  
The little things you asked me for  
Cuz I would give the moon and stars now  
For you to walk in through the door

(Ch)

Now you've gone so far away dear  
And these words won't reach your ears  
And my love won't touch your heart dear

And your eyes won't see my tears  
If I had the chance I'd tell you  
That you were everything to me  
If I had the chance I'd hold you  
And kiss your lips so tenderly

Chorus:

If I had the chance to see you  
Even just for one more day  
I would tell you that I loved you  
Every step along the way

### Train Whistle

A train whistle blows bringing memories of you  
days that now seem long ago,  
of the life that we had and the dreams that we shared  
secrets that no one could know

We were children back then  
We were spinners of tales  
We were witches concocting a brew  
We were masters of diabolical schemes  
We were blood, we were allies true blue

Well life has a way of teaching us things  
Lessons we don't want to learn  
About what's what, what is, and is not  
And how things we count on can turn  
We were so young when the lessons came down  
but we laughed through the hurt and the fear  
you had my back and I had yours too  
And that's how we danced through those years

Chorus:

And I always knew that you'd be there  
And I'd be there for you  
At the end of the day when that train whistle blew  
In the end it was just me and you

Well we went our own ways and we lived our own  
lives  
There were miles, sometimes oceans between  
You wore fancy hats, you owned jewels and furs  
You rode mustangs and swam 'neath the sea  
You faced fiery foes and cracked jokes through it all  
You were fierce, you were proud, you were free  
You were hard as nails and soft as a dove  
I loved you and you loved me

(Ch)

A train whistle blew through the darkness last night  
Bringing me thoughts of you  
Of the life that we lived and the days that we shared  
The time I had with you  
Well years have passed since you went away  
Years since you've been gone  
And though my arms can't reach you now  
We'll meet again before long

(Ch)

## Love's Curse

Chorus:

Swore I wouldn't let this come to pass  
Swore I wouldn't cross the line  
Swore I wouldn't let this come to pass  
Not with you not this way not this time

It's plain mortifying  
For me to pine and swoon  
To act like you're my everything  
my sun my stars my moon  
my sun my stars my moon

Oh set me free Please let me be  
Or say you feel the same  
One way or another  
Love's curse I have to tame  
Love's curse I have to tame

Cuz without you it's just another morning  
Without you it's just another day  
Without you this coffee I've got warming  
Is a cup of day old mud to get me on my way  
Without you I've got no motivation  
Without you the weeds are growing tall  
Without you the pets voice indignation  
Worrying that they might not get fed at all

Oh it's plain mortifying  
for me to pine and swoon  
to act like you're my everything  
my sun my stars my moon  
my sun my stars my moon

Oh set me free please let me be  
or say you feel the same  
One way or another  
Love's curse I have to tame  
Love's curse I have to tame

Cuz without you I always miss the punchline  
Without you I've got no tales to tell  
Without you I find myself out wandering  
To places doing things I don't remember well  
Without you there're no colors in the rainbow  
Without you there're no birds up in the sky  
Without you every hour of each day that goes by  
My heart longs for that love look in your eye

(Ch)

Oh set me free please let me be  
or say you feel the same  
One way or another  
Love's curse I have to tame

## How Many Times

Chorus:

How many times how many times how many times  
must I cry for you?  
How many times how many times how many times  
must I cry for you?

I cry in the morning I cry every night  
I cry when I wake and the moon's shining bright  
I cry when the breeze caresses my skin  
I cry when the tide comes rolling in  
I cry when the storm clouds gather afar  
I cry when my gaze catches on the North Star  
I cry even after my tears have run dry  
I cry when sleep finally closes my eyes

They say that time will heal the pain,  
there'll be a brighter day  
That memories mend a broken heart  
but I don't listen to what they say

Cuz time just takes you away from me  
As the days stack up against  
the time I had with you my love  
That memory makes so small  
That memory makes too small

I stand on that long and lonesome road  
that stretches up and down  
as far as the eye can see my love  
you're no where to be found  
you're no where to be found

(Ch)

Well, I'll cry me a river, then I'll cry me a sea  
then I'll cry me a boat that sails you back to me  
I'll cry until time reaches the end so our love can start  
all over again. (repeat)

That's how many times, how many times,  
how many times I'll cry for you.  
That's how many times, how many times,  
how many times I'll cry for you.

## This Old House

This old house is way too small  
This old house is way too small  
This old house is way too small for me  
Hear your footsteps on the stair  
When I look no one's there  
This old house is way too small for me.

This old town's way too small  
This old town's way too small  
This old town's way too small for me  
Walking down the streets I see, sorry eyes looking  
back at me  
This old town's way too small for me

This old world's way too small  
This old world is way too small  
This old world is way too small for me  
Wind keeps whistling out your name  
Tears start falling with the rain  
This old world is way too small for me.

This old house, this old town, and this old world  
spinnin round  
They're all, too small for me.  
Got to find someplace to go  
where the rain don't fall and the wind don't blow  
Where no one knows bout you and me

This old house, this old town, this old world spinnin  
round  
They're all, too small for me.  
Got to find someplace to go  
where the rain don't fall and the wind don't blow  
and no one knows bout you and me  
Someplace under a great big sky  
No walls to catch the echo's cry  
Someplace not too small for me  
Someplace I won't hear your name  
See your face and feel the blame  
Someplace not too small for me.  
Someplace not too small for me  
Where no one knows about you and me
